

# CARPET

## LEED NC, CI and Schools Credits

### Materials and Resources

#### Credit 2 Construction Waste Management

Utilize LOOP, Mannington's commercial carpet tile reclamation program, to divert used carpet for your project from landfill. Utilizing the LOOP program will help contribute to MR Credit 2. 1-2 points

#### Credit 4 Recycled Content

Mannington Carpet contains up to 10% post-consumer content and 20% pre-consumer content, helping to earn MR Credit 4. 1-2 points  
See table below for recycled content of Soft Surface Flooring options.

#### Credit 5 Regional Materials

Mannington Carpet may help your project earn points toward MR Credit 5 if the project site is within 500 miles of manufacture and extraction. All Mannington Carpet products are manufactured in Calhoun, GA. 1-2 points  
See below for detailed information on the Rating System differences for Regional Materials.

### Indoor Environmental Quality

#### Credit 4.1 Low Emitting Materials- Adhesives and Sealants

Mannington Carpet Products use adhesives and sealants that meet the SCAQMD Rule #1168 for VOC limits. Using these adhesives and sealants will contribute to earning IEQ Credit 4.1. 1 point

#### Credit 4.3 Low-Emitting Materials- Flooring Systems

Mannington Carpets are CRI Green Label Plus Certified – required for all carpet systems within a project to earn one point for Credit 4.3. 1 point

## LEED O&M Credits

### Materials and Resources

#### Credit 3 Sustainable Purchasing- Facility Alterations and Additions

Purchasing Mannington Soft Surface Flooring Products may help earn MR Credit 3. Sustainable Purchases are defined by LEED by meeting certain criteria. All Mannington Carpet meets the following criteria recognized by LEED as a Sustainable Purchase: 1 point

CRI Green Label Plus Certification

Recycled Content. Carpet is available with recycled content up to 10% post-consumer content and 20% pre-consumer content.

Manufactured in Calhoun, GA, helping to earn this credit if the project site is within 500 from Calhoun, GA.

Adhesives and Sealants used with Mannington Resilient Flooring products meet SCAQMD Rule #1168.
