

INTEGRA HP® RE

PROVEN PERFORMANCE ON THE FLOOR

Other industry leading performance broadloom backings can't compare to Integra HP® RE. No other performance broadloom backing system has the proven performance and durability, backed by the broadest and most comprehensive warranty in the industry.

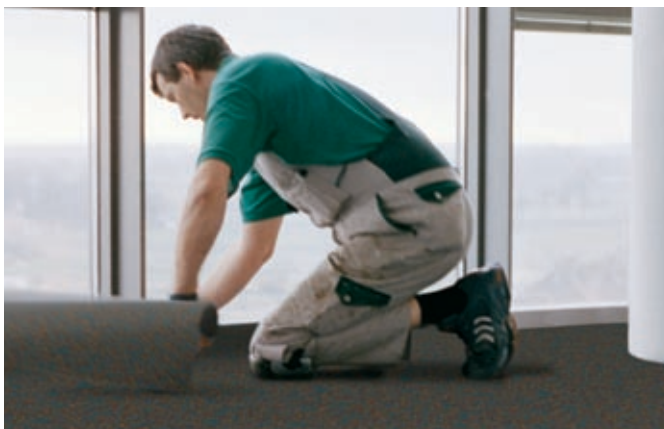

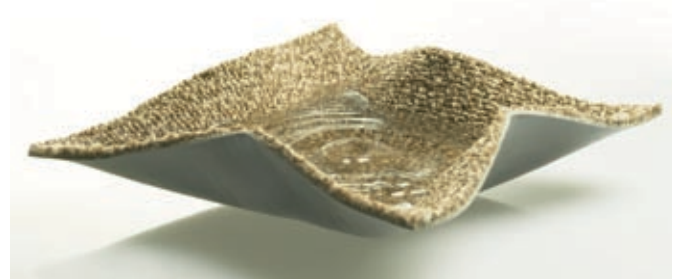

Only Integra HP® RE passes both the stringent British Spill and Moisture Impact tests and warrants the tuft bind in both wet and dry conditions. The premium construction of Integra HP® RE provides the highest level of performance available – engineered to perform in the toughest, most demanding commercial environments.

moisture barrier

- Impermeable non-aqueous polymer pre-coat secondary layer stops moisture
- Eliminates wick-back staining, moisture will not go through it
- Withstands aggressive wet cleanings
- Chemically-weldable seams
- Passes British Spill/ Moisture Impact Tests

easy install

- 9' and 12' widths
- Fewer seams, less trim waste required, less seams when compared to 6'
- Flexible construction allows for ease of installation in cold or hot environments
- Increased adhesive spread rate results in lower installation costs
- Traffic and furniture can resume immediately after installation

eco-savvy

- Certified NSF/ANSI-140 Platinum
- Contains a minimum of 10% post-consumer recycled content by total product weight
- Proven performance keeps carpet on the floor longer, the most significant way to lessen environmental impact.
- CRI Green Label Plus
- Fully recyclable via LOOP[®]
- Contributes to LEED Credits

lifetime peace of mind
